 Please note that these prices might vary.

 Walking distance to campus.

 Walking might be a bit much, but with a bike travel time to and from campus will be fine.

 Neither walking nor biking is suitable due to the distance, public transportation is recommended.

NOTE: The hostels that are cheap and closest to the campuses are most likely to be fully booked. If so, consider any of the hostels a bit outside of town. Taking the price of a bus-or train ticket into consideration the total cost will be around 500-600 SEK per night if you buy a 24-hour ticket. Travel time should be under an hour for all hostels listed here.
